

Fire Department Emergency Vehicle Operations Course (EVO) - 8 hrs.

Classroom only - 4 hrs

A course designed to enhance safe vehicle operation by stressing theory and principles of defensive driving in both emergency and non-emergency situations. North Dakota Motor Vehicle laws pertinent to the operation of emergency vehicles is included in the course. This class is not designed to teach the student to drive, but rather to explain how emergency driving differs from non-emergency driving. It is strongly recommended that the student has adequate driving experience, before this course.

Utilizing the Vigil Vanguard Training System instructors can also provide individual, objective evaluations with video feedback.

This course is a prerequisite for the Emergency Vehicle Driving Simulator.

Host Responsibilities

- Due to the size of fire apparatus and required maneuvers, a minimum space of 500' x 200' will need to be reserved by the hosting department. If this area is unavailable a lesser area can be used with the coordination of the course instructor.
- 30 18–24" Traffic cones.
- Minimum of 12 students, if not met, host organization(s) may be held responsible for the cost for the training including instructor fees, mileage, hotel, & incidentals.

Minimum Student Requirements

- A valid driver's license to participate in the practical exercise.
- Students must be 18 years of age (minimum) to receive certification.
