COMPONENTS**

**POWERED BY A 100HP
CATERPILLAR TIER IV ENGINE**

**REPLACEABLE (3/8") HARDOX
CONVEYOR PLATES**

**BUILT BIGGER, BETTER,
AND LONGER LASTING**

The CP-100 is powered with a Caterpillar Tier IV engine, providing better fuel economy with more horse power than previous pavers. Couple this with a load sense hydraulic system that provides flow and pressure only when demand requires it helps make the CP-100 one of the most fuel efficient, whisper quiet, highest quality commercial pavers on the market.

Every CP-100 paver comes standard with dual-control stations with intuitive switch placement for easier operation, wireless remotes, backlit controls and direct connect cable driven steering. Each control station is able to pivot vertically and horizontally to provide optimal operator comfort and visibility.

Augers and conveyors are all independently driven by chains that are 25% stronger than pavers in this class. Material is delivered by two horizontally sliding damper doors with adjustable hardened guides for maximum life. Carlson is the only manufacturer with horizontal sliding doors and this design keeps obstructions from damaging them when open.

The CP-100 comes with an easy to read digital information center for engine monitoring and diagnostics. The one-piece forward tilting hood allows for ease in maintenance and serviceability.

Hoppers are 1/2" thick wall-heavy duty steel and provide a large 8.5 ton capacity. They also contain an integrated lock and have robust lift cylinders to provide lift angles that exceed the competition and help in material flow. A flip up front apron with integrated handles will make the end of day clean up EZ.

Carlson used their 25 years of experience to build the next generation of commercial paver screeds. The EZ-screed is available exclusively on the CP-100. Built with deck cones, full length element hold downs, manual crown and an adjustable slide track system sliding on 2" chrome rods.

This is the best screed in the industry;
A little brother to the highway-class-screeds
you have known for years.
