Lessor, or an authorized representative, shall provide all oil and filters for routine maintenance at no charge to the department. The routine maintenance will be performed by the lessee as required by the manufacturer and/or the operator's handbook. The lessor may require the maintenance be performed by the servicing dealer. If the lessor requires the routine maintenance be performed by the authorized servicing dealer, this shall be done at no cost to the department.

Lessor, or an authorized representative, shall at the time of delivery be available to make recommendations to prevent damage to the tractor. Lessor, or an authorized representative, shall also at the time of delivery provide familiarization training to ensure efficient operation, identify daily maintenance items, lessor's requirements on tractor cleanliness, and basic operation to prevent damage to the tractor. **Rear wheels of the tractor shall be set out the maximum width, but not less than 96" from outside of tire to outside of tire at or before the time of delivery.**

Payment/compensation shall be paid as follows: 70% of the total price bid for 250 hours of use will be paid upon satisfactory acceptance of the contract and delivery of tractors, not earlier than July 10. - **Fendt TaskDoc Pro**. Record GPS position data and transfer it in near real-time, enabling mapping and automated, seamless exchanges with ISOXML-compatible field files

- **Fendt Section Control for ISOBUS implements**. Fully automatic section control ensures seeds, fertilizer and pesticides are applied evenly and economically, preventing overlaps. Switch up to 36 sections when operating ISOBUS-capable planters, drills or sprayers

Fendt 700 S4 Series at a glance

From the moment you lay eyes on a Fendt 700 S4 Series tractor, you sense that just being good simply isn't good enough. These German-engineered masterpieces are built to enable the seamless orchestration of tractor, operator and the job at hand. You take great pride in how you go about your business. In fact, some might even call you a perfectionist. It's for you that we meticulously craft these tractors, to bring you the perfect combination of power, maneuverability, precision, reliability, functionality and comfort. Sure, you could always settle for a pretty good tractor. But that's not who you are.

Fendt® tractors can trace their lineage back to a family of 17th-century German clockmakers. A family obsessed with precision engineering, pretty much before there was such a thing.

For the Fendt family, precision, reliability and enduring craftsmanship in their hand-built clocks wasn't all that mattered. They also took great pride in how well each clock suited its unique environment and served its customers with reassuring accuracy.

Today, they call that "the customer experience." And in terms of the Fendt 700 S4 Series tractors, that translates to the most productive, profitable and positive experience an owner/operator can have. It starts with the flexibility of a broad power range. It's felt in the cabin comfort and easy operability. And it delivers every day with versatility in its compact design, an integrated front-loader and a wide-range of equipment options.

The Fendt 700 S4 Series has "time" in its heritage and in its purpose: to deliver the highest functionality, performance, safety and comfort each and every hour you spend in it.

It's Fendt. It's Time.

AGREEMENT:

Lessor, in consideration of the covenants, promises, and agreements on the part of the Lessee, hereinafter contained, hereby leases the equipment to Lessee in accordance with the terms of this agreement.
