Lessee shall be responsible for all costs relating to such removal and shall restore such item of equipment to its operating condition that existed at the time it became subject to the applicable lease.

LIABILITY:

RM Consulted 2007
Revised 6-07

Amendment No. 1

To: ALL INTERESTED SUPPLIERS

From: North Dakota Department of Transportation

Date: June 5, 2020

Re: Amendment to ITB 745-65/68-20-050, Mastic Products and Equipment Rentals

Bidders Instruction #10 of the solicitation established a deadline for receipt of questions. The responses to these questions are provided as addenda to the solicitation. When necessary, the solicitation has been amended.

Question 1:

Crafco distributors offer an alternative product to the Fiber Crete product spelled out in the document. Our Product is called Techcrete it comes in two stone sizes (premixed) in meltable bags not blocks, has primer separate cost and dressing stone again at a separate cost. This product is/has been used on SDDOT projects and is a bid item on the SDDOT bituminous materials maintenance contract. It's listed as "Grey Mastic" on their bid document.

Answer:

Bidders are welcome to submit a bid for an alternative product. The approval process will take place after a bid has been submitted for a product not listed in the specifications. The technical data should be included in the bid documentation that is submitted.

Question 2:

Our rental equipment can only be used with materials bought from our company, it's our company policy. We will put in a bid price for materials only and there will have to be noted our company policy of using our company owned equipment with materials bought from our company on our response for materials and equipment.

Answer:

A price for equipment rental can be submitted for this situation. A note will need to be made in their bid submittal that the equipment is only available when certain products are purchased through them. This information will be communicated to the districts if the equipment rental is awarded.

The following changes have been made:

BIDDERS ARE INSTRUCTED TO ADD: On page 12 of 17, Rental Equipment items 10-14, Mastic Mixer & Wheeled Hot Mastic Applicator Rental:

The Invitation to Bid information that is received by the NDDOT will be used to create a vendor pool for equipment rental. The NDDOT will base contractor selection on the low bid with available rental selection at the time needed. This means the low bid per rental period will not always be the successful contractor.

If renting equipment do you require NDDOT to use only your materials in that equipment. ☐ YES ☒ NO

If lessor requires that only their product be used in the rental equipment, NDDOT will not purchase the product from the low bid for materials. If lessor only allows their product to be used, low bidder determination will be decided on cost of rental plus cost of material.

The bid is hereby amended.

Vendors are instructed to acknowledge receipt of and compliance with this amendment by signing below and returning this acknowledgement with your bid or proposal.

Any questions regarding this amendment must be submitted in writing to the undersigned Procurement Officer.
