WHAT IS LIHEAP?

The Low Income Home Energy Assistance Program (LIHEAP) helps pay part of the heating bills (meter read dates/deliveries) from October through May for the home you live in if

- You are a home owner or renter and you pay your own heat bills.
- Your rent payment includes your cost of heat and you are not receiving housing assistance.

Applications are accepted from October 1 through May 31 (end of business day) or until program funds are used up, whichever comes first. If May 31 falls on a weekend or holiday, the deadline for signed applications will be the end of the first work day following May 31. Applications received June 1-September 30 are limited to Cooling (if available) or Emergency Home Energy Services **only** as the regular heating season has ended.

LIHEAP APPLICATION

Please read the application carefully. Answer each question completely with printed or typed answers. Attach another sheet if you need more space to answer questions.

If you are mailing in your application, send it to the Customer Support Center. If you are applying in person, return the completed application to your local human service zone office. Failure to answer each question and provide required verifications may delay processing of your application or result in a denied application. Applications that are not signed will be returned. You can contact your Customer Support Center if you have questions about completing this application, need help getting verifications or if you need a translator. A worker may ask to schedule an interview to better assist in the application process. Tell the worker if it causes a hardship for you to get to the office so other arrangements can be made.
